

ATTILA 51

Easy to operate
and powerful

Easy to operate

Profiled handlebars protect the hands.
Ergonomically designed handlebars give total control and ease of use. Handlebars can be offset. Blade has clutch and brake for safety. Central cable protection prevents snagging under low branches.

Powerful

Rear discharge.
Off centre cutterbar for better clearance of grass. Over size rear wheels with semi agricultural tyres for increased traction. 3 forward speeds and 1 reverse. Differential lock. Duo left and right cutting height adjustments.

Robust

Square sectioned chassis for extra durability.
Strengthened handlebars. Aluminium wheels with ball bearings. 6 hp Kawasaki 180V engine.
