

THE 880F4

A GREAT SAW WITH A BAD ATTITUDE

The **NEW** 880F4 offers the superior strength of FORCE4™ technology in a package that meets industry standards of design and ergonomics. Built for the hard-core cutter, this sleek cutting system is packed with innovations designed to make it the hardest working saw ICS has ever made. Available in 12 gpm only (45 liters/min). Accepts 15" (38 cm) and 25" (63 cm) guidebars.

FORCE4™

MEET THE BUSINESS END OF THE 880F4

With 50% more tensile strength than other chains, FORCE4's patent pending design is built to cut faster and last longer than any other diamond chain on the market. Available in Premium and Abrasive.

Patent pending pitch and design creates the optimal combination of weight and strength

Patented SealPRO® o-ring and bumper design for smooth cutting performance and maximum life
